

Lofts & Apartments

A good quality floor should be attractive, durable, easy to clean and eco friendly. Whether your are installing a new floor or renovating an existing concrete floor, TTM Finishes can help.

With more than 15 years of experience grinding, polishing, coating and beautifying concrete floors, we can explain and help you determine the best type of flooring for your needs whether polished concrete or epoxy coatings. We deliver long term value to make your apartment or home flooring project a thing of beauty. We've invested the time and effort in both top quality equipment, techniques and training to deliver excellent results.

Features & Benefits:

- Better light reflectivity, making for a brighter living and working space
- Easy to clean, requiring minimal maintenance
- Smooth and durable non-slippery surface area
- Eco-Friendly and Environmentally Sustainable
